Sales Outsource Solutions

1. Smart Way Raceway — FSR

The Smart-Way floor raceway is provided with two types of edging, giving you the ability to go either on or in your flooring.

2. Smart Way Wall Raceway — FSR

Smart-Way Wall Raceway transitions from the floor to ceiling using the raceway system.

3. Wall Feeds — FSR

Wall feeds are your starting/entry point. Options include low profile, high profile, on-wall feed and a wall feed rough in box. Color options include slate and aluminum.

4. Floor Boxes — FSR

FSR floor boxes are designed for raised access carpeted floors. This floor box provides a practical solution for cable storage while maintaining easy access.

5. Table Boxes — FSR

The Harmony Collection of table boxes provide a powerful and affordable solution for any installation. The versatile connector cavities are 100% configurable.

6. Wall Boxes — FSR

Open wall box designed to fit on center stud bays, simplifying AV and IT installations by providing space for routing cables, AC connections, and more.

7. Modular Linx System — FSR

The Modular Linx System elegantly distributes two 20 Amp AC power circuits to create a relocatable and reusable modular power system.

8. SOHO P3000 Media Panel — primex

The P3000 media panel forms the centerpiece of the connected space. It provides a distribution point for the components and services that make today's homes smart.

9. SOHO PR10 Media Panel — primex

The PR10 Brownfield WiFi transparent media panel provides a compact, lockable and aesthetically clean retrofit mounting solution.

10. GENSpeed Datacom Cable — Prysmian Group

GenSPEED® offers the largest selection of datacom copper category and fiber optic cables in the world. That means a single source for any cable networking need.

11. Lifeline® Fire Resistive Cable — Prysmian Group

Prysmian Group's Lifeline® technology offers ease of installation, the best value in the electrical industry, and most importantly, UL-certified code compliance for life safety applications.
